

LAWN SPRINKLERS

Section 890.1140D

Any lawn sprinkler connected to a potable supply shall be equipped with a reduced pressure principle backflow preventer assembly (RPZ). The RPZ may be located outside provided it conforms with Section 890.1130(g)(1) of the Illinois State Plumbing Code.

LOCATION OF LAWN SPRINKLER HEADS

Should the owner of the property or the owners agent locate lawn sprinkler heads in the public right of way, the Village will hold no responsibility for them should they become damaged for any reason.

BUILDING PERMIT APPLICATION

To apply for the building permit, the following items shall be submitted to the Building Department:

1. Completed permit application
2. Plat of survey showing proposed location of all heads and control box location
3. The type of backflow protection
4. A signed contract
5. Contractor must have on staff a licensed CCCDI licensed plumber for RPZ installation

BUILDING PERMIT FEE

The building permit fee is based on the value of the proposed work in accordance with fee schedule BBC 9-3-4.

CONTRACTOR LICENSE REQUIRED

It shall be unlawful to engage in business in the Village of Bartlett as a building contractor without first having obtained a building contractor license. All irrigation contractors shall be licensed by the Illinois Department of Public Health per Part 892 of the Illinois Plumbing Code. Names of licensed contractors are on the website at www.village.bartlett.il.us and in the Main Office and the Building Department.

Lawn Sprinkler Letter of Release

I (we) will not hold the Village of Bartlett responsible for any damage done to any sprinkler heads in the parkway or easements.
